## Union Kitchen & Tap to host live music during dinner

February 12, 2016

Union Kitchen & Tap, in the Gaslamp, is teaming up with the Acoustic Spot to offer a concert series that will rock patrons' worlds. Their enticing modern-Americana menu will be served with fresh, live music from locals artists throughout February and March. Well-known musicians from the community will be performing every **Thursday night** from 6 to 9 p.m. and **Sunday**, noon until 3 p.m. Music styles range from slow and relaxing to energetic and upbeat; some musicians are fresh on the scene, while others are local favorites like Jonny Tarr and Mike Myrdal. You can find their lineup of talented artists [here](#).

Whether looking for rock, pop, indie or jazz live music to set the tone for your night, Union has you covered! I would love to share their upcoming acoustic concert series with you readers looking for more than just an exciting meal.
